

SYED Z.

IOS ENGINEER

PROFILE SUMMARY

- As a highly experienced and passionate iOS engineer with over 10 years of experience in developing high-quality mobile apps, I have a strong track record of successfully turning valuable ideas into exceptional products. In addition to my expertise in iOS development,
- I am also actively exploring new technologies such as Server Side Swift and React Native to further enhance my skills and abilities.
- My dedication to my work has been recognized through the "Outstanding Employee Award" I received in 2020 at VisionX.
